An example of a metering valve assembly of the type for which the present invention is particularly applicable is shown and described in U.S. Pat. No. 3,921,882 to M. R. McGrew et al, wherein a metering valve assembly for use in a utility meter is disclosed. In the McGrew et al patent, a valve chamber and a valve are provided, the valve chamber having a valve seat disposed therein and the valve having a valve head which is normally seated against the valve seat in order to close the
