#MAKE YOUR WAY TO THE TOP OF THE LEADERBOARD, YOU AMAZING GUY. Neat! I enjoyed playing the game, but after a time of playing, it got a bit repetitive and I found myself waiting for something new to happen. Maybe I just need more time to get used to the game. Regardless, I give it a 9/10 for the very simple and straight forward online gameplay and I will be playing again. Enjoyable Gameplay/Fun Factor This is not a bad game. This is a much needed game for developers to work on. It's so intuitive to play, learn and master. The gameplay is very well done with a "flow" to it. Lack of Challenge I would have like to have seen some more variety and different gameplay to keep the game interesting. Overall Average 9.0/10 I would give a 6.0 if the developers had the chance to work on it more. Gameplay: The game plays very well. The mechanics are good and it is a lot of fun to play with your friends or strangers. The controls are very well done and it's a lot of fun to play with friends or other players. Graphics:

The graphics of the game are very good. Sound: The sounds are great and it is easy to tell when someone is hit or thrown the ball. Controls: It is very easy to play and a lot of fun. Multiplayer: The game has a multiplayer that is very good. I played around with 7 other players and we all had fun with each other. Replayability: The replayability of the game is very good. You play one way for a certain amount of time and then play the same way again. Overall: 9/10 I really enjoyed playing this game and I hope that I get the chance to play it again. Overall, the graphics and sound are very good and it is easy to play. If you have played other games or played this game, please leave a comment and let me know what you think.
