DiskGenius v2.2 - Software.A visual explanation of the new Government Drought guidelines. As of March 2014, the federal government has updated their drought guidelines, issuing a more detailed and in depth national drought plan. The updated guidelines follow on from the failed Climate Commission report, which released their report in August, 2014. As if to highlight the danger this was a public funded body, in the report the authors warn of worsening drought, saying 'Human-caused climate change is now underway, and
